

A Multidisciplinary Legal Resource
for Energy Companies

ENERGY & NATURAL RESOURCES

LEADING ADVISORS FOR THE ENERGY INDUSTRY

Horizontal drilling, hydraulic fracturing and a focus on developing and transporting hydrocarbons have set an accelerated pace and challenge for E&P, midstream, and pipeline companies to meet the needs of increased production volumes.

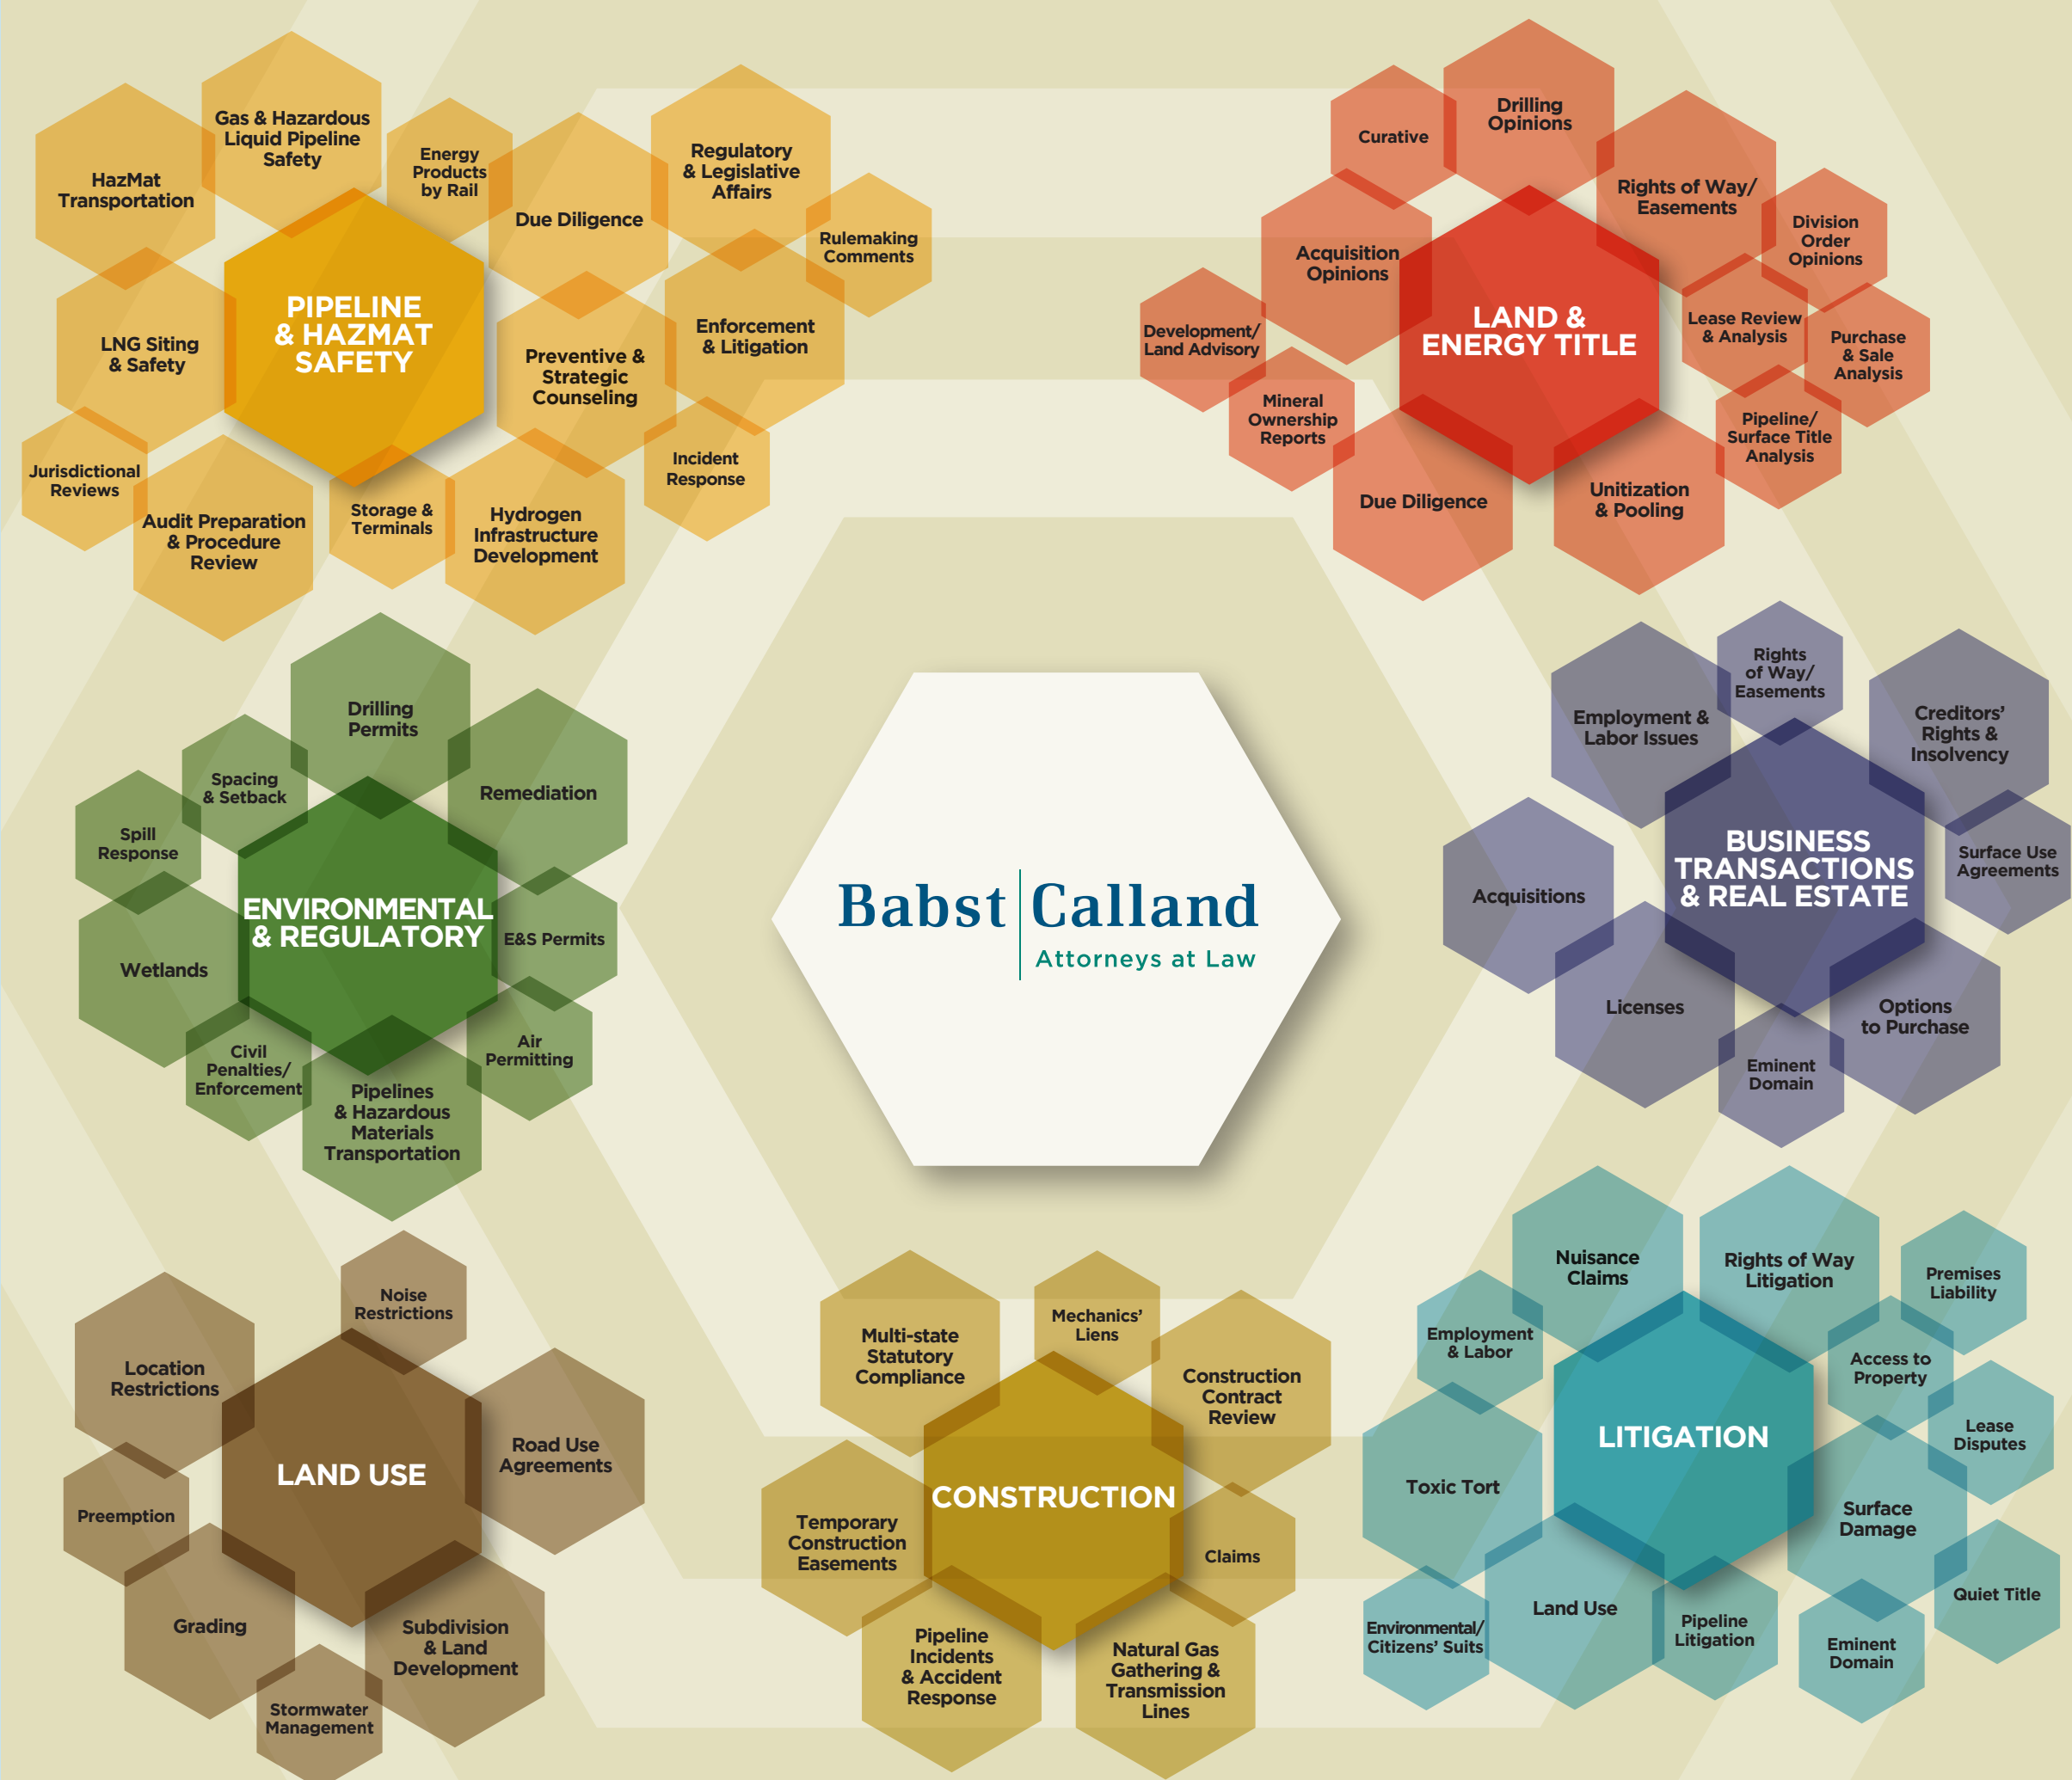

Babst Calland’s multidisciplinary Energy and Natural Resources attorneys work collaboratively with in-house counsel, executives, and other outside advisors to provide legal strategy and services in a timely and cost-effective manner.

Our clients are the beneficiaries of Babst Calland’s strong, seasoned, and diverse legal team with the experience to provide a well-planned strategy to pre-empt or react to whatever challenges lie ahead, whether the issues revolve around E&P, midstream or pipeline operations, or best business practices after applying environmental and energy law and regulations.

Energy clients across the country trust Babst Calland to help solve complex legal problems that impact their businesses and bring value to the bottom line.

OUR MULTIDISCIPLINARY TEAM OF ATTORNEYS COMBINES SKILL AND DEEP EXPERIENCE IN THE PRACTICE AND SUBJECT AREAS SHOWN HERE.
